TOWER OF LONDON.

Photogravure in Bavaria.
TRADE MARK

By Appointment.

The Wakefield Tower, is one of the oldest parts of the Tower of London. Its lower story is the most ancient portion, it forming part of the old Norman plan. The upper stories were rebuilt by Henry III. who made it the eastern entrance to his palace. Here were stored the old records of the Kingdom, removed to this building in 1360, and thus it is sometimes called the Record Tower. The Crown Jewels are now kept here.
